

**StrykerAV**  
Aviation Solutions

**A Focus on WHMP**

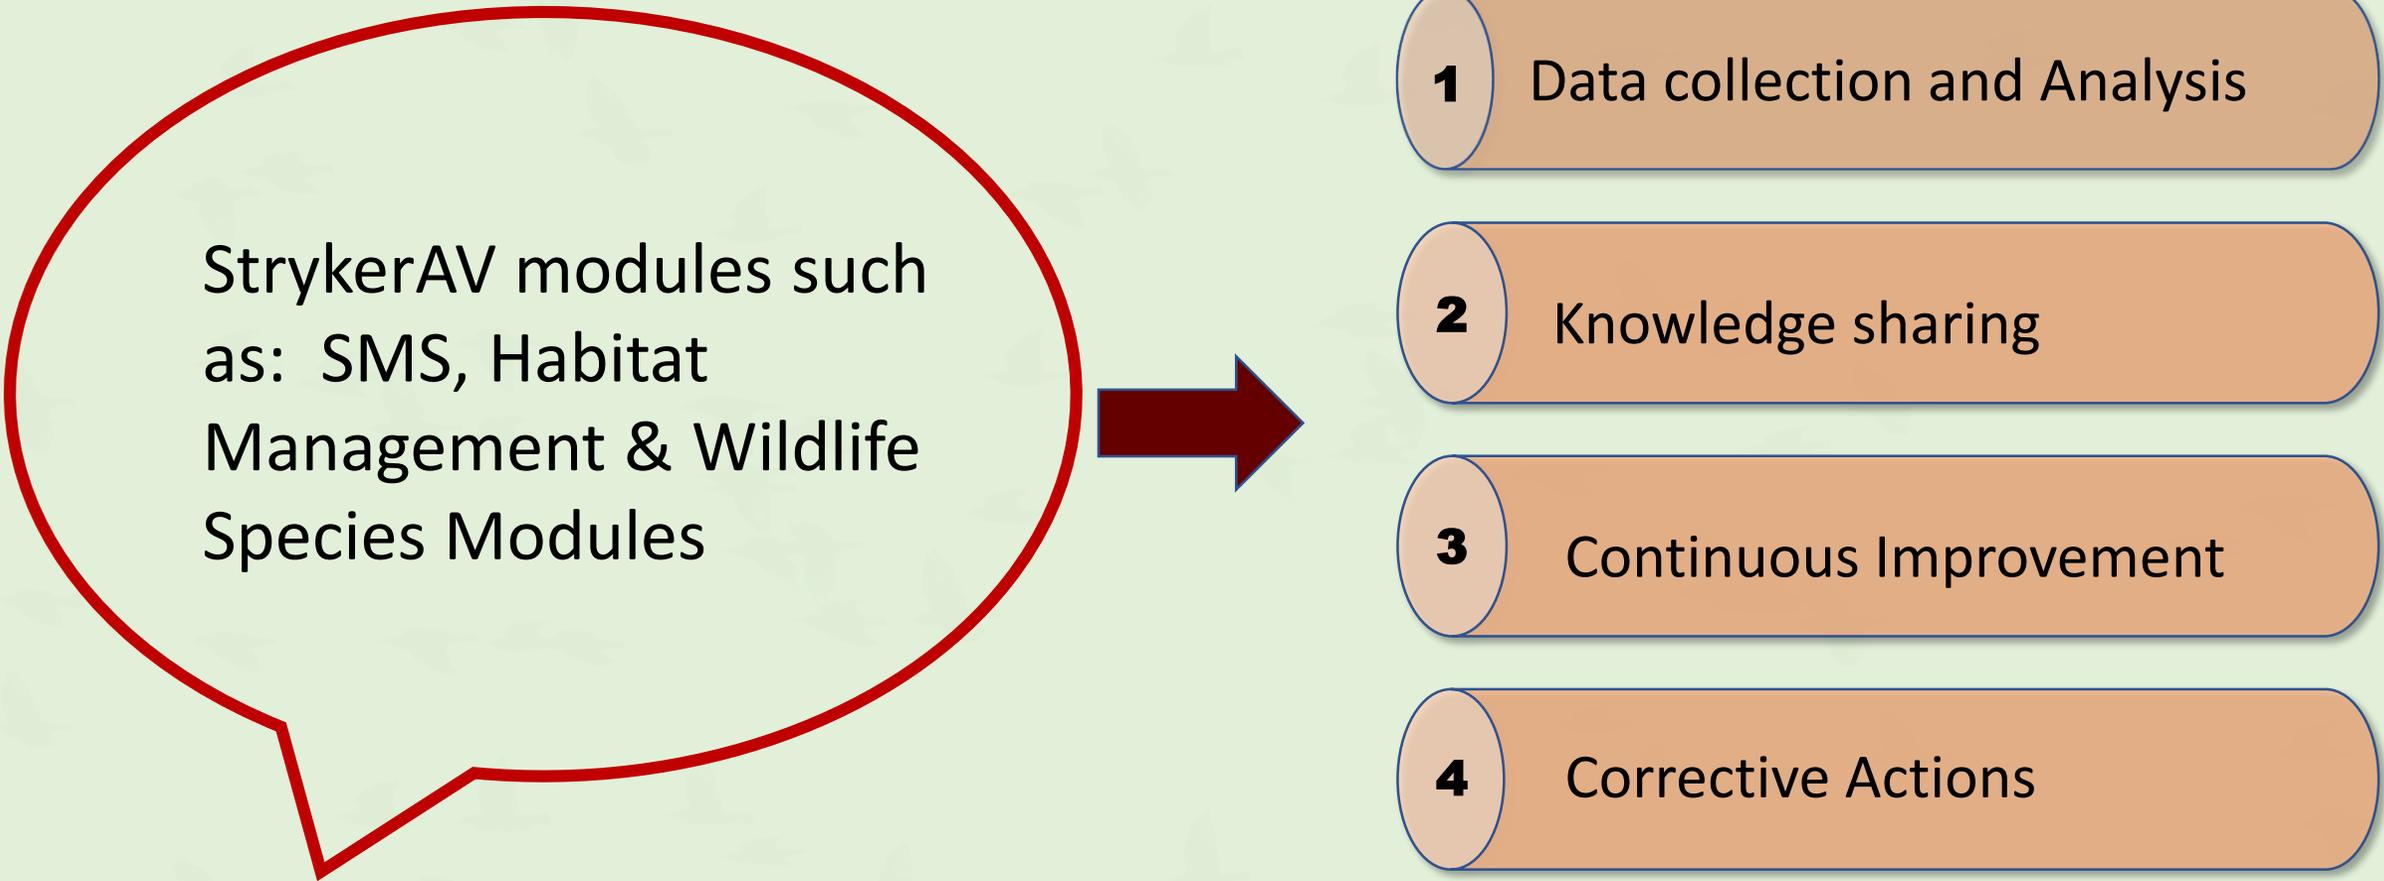

# Phases of WHMP

**01** Develop WHMP Framework

**02** Breakdown WHM Plan into actionable tasks

**03** Associate each action with an Owner and set timeline

**04** Track actions to completion

StrykerAV modules such as: SMS, Habitat Management & Wildlife Species Modules

**1** Data collection and Analysis

**2** Knowledge sharing

**3** Continuous Improvement

**4** Corrective Actions

**StrykerAV Modules provide a comprehensive WHMP which can be customised for each individual airports.**
